BRAND INSIGHT

MC Textile was established in 1993 to manufacture "private labels" for international brands with advanced, modern, high-capacity machinery and professional staff.

In order to meet the demands from its customers, MC Textile entered the market with the 'Speedlife' brand and achieved success in a short period of time. Always aiming for the best and highest quality, both MC Textile and Speedlife have positioned themselves as innovative and distinctive brands. Combining years of experience with dedicated teamwork enables the company to produce products that combine comfortable cuts with neat and stylish concepts.

MC Textile, exports Speedlife products to a wide range of countries, including Russia, Bulgaria, Greece, Hungary, Portugal, Romania, Ukraine, Algeria, Jordan, Iran, Iraq, Lebanon and the Turkic Republics. In addition, Speedlife keeps expanding its distribution channels through shop in shops and corner distributors.

In the course of becoming a major brand, MC Textile has set up it's 'Team Sports Unit' and manufactures jerseys and tracksuits for many international brands.

RUN, NEVER STOP!

IMAGERY

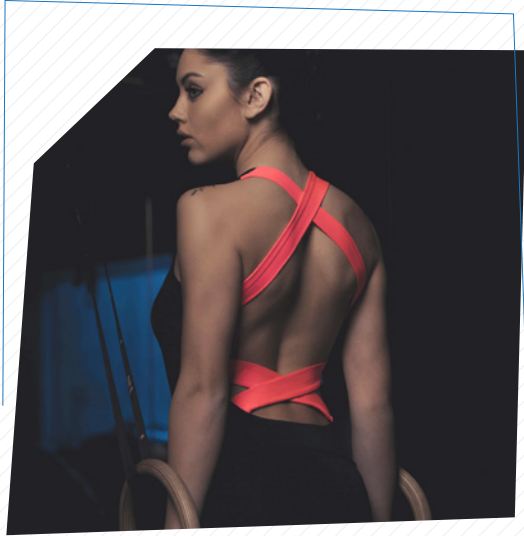

MOVEMENT

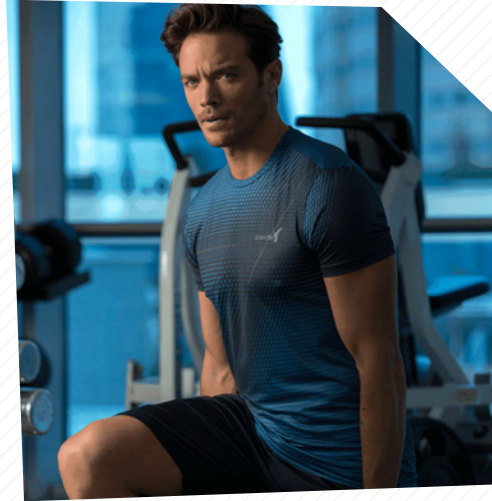

'Movement is life' so we welcome every opportunity to pace and achieve our goals.

RESILIENCE

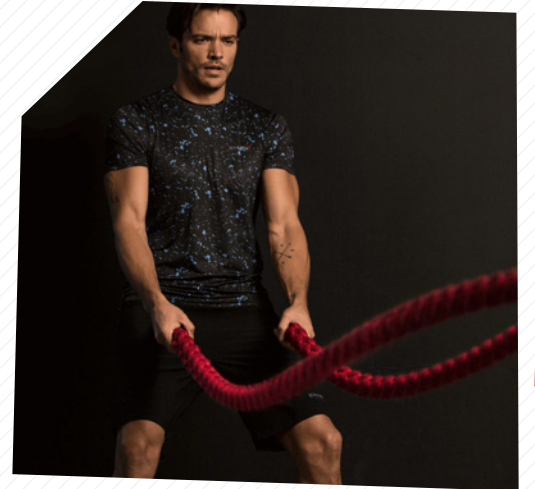

Adaptation and transformation is our way of thinking.

DURABILITY

We all have our challenges, and we rise to every challenge over and over again, without hesitation.

STRENGTH

We believe that a great strength lies within our hearts. Bringing it out is only a matter of ambition and enthusiasm.

UNIQUE DESIGNS

PERFECT RESULTS

The ability to force the boundaries is one of the great benefits of having an in-house design team.

Our continuous and detailed research into fashion, patterns and materials also leads us to develop unique products.

Our warehouse always has the color and fabric type to choose from.

We create a unique and different product every single time.

Each piece is one of a kind!

Let's Create Together!

We are able to work with other brands for business solutions.

We create sportswear in all shapes and sizes and we are constantly experimenting with new, original solutions and techniques of production.

Our production is in compliance with the European standards and we are able to offer specialist production across our full product range.

How It Works

Following your request, we will begin to evaluate your ideas for your next sportswear project. We start with planing the whole process: choosing the right materials, fabrics and accessories according to the outline of your brand.

After the production of first samples completed you will be expected at our headquarters, where you can examine your products closely with a live model demonstration. You can also examine your products through detailed photographs. Our team will emphasize on your reviews and revisions and execute final changes on your designs.

Finally, your products will be delivered to you, ready to take their place on shelves.

Contact

You can contact us directly via e-mail, telephone or Whatsapp. You can also browse our web page and fill out an application, and one of our team will return to you.
